INTERNSHIP

Internship is the shaping of the heart towards a career and not just the job per se. It is the internalization of the accumulated knowledge from the books and the wisdom from the classes. It is also the time when we have started to realize the inner strength of the person we see in our mirror and what our faculty saw in us. It is the journey of learning that counts and we will all make this internship the journey towards what is ideal for each one of us.

You Can Be Whatever You Want To Be!

There is inside you
All of the potential
To be whatever you want to be;
All of the energy
To do whatever you want to do.
Imagine yourself as you would like to be,
Doing what you want to do,
And each day, take one step
Towards your dream.
And though at times it may seem too
difficult to continue,
Hold on to your dream.
One morning you will awake to find
That you are the person you dreamed of,
Doing what you wanted to do,
Simply because you had the courage
To believe in your potential
And to hold on to your dream.

- Donna Levine

Look at the flowers; when they
blossom the whole world knows so.

Let us also let the world know that we
have blossomed through the work we
do in our internship.
